Subject: Request for Resources to Conduct a 6-Day Boot Camp on IOT with AI & 36-Hour Hackathon

Respected Sir,

The Department of Electronics and Communication Engineering requests your kind permission to provide the necessary resources to conduct a **6-Day Boot Camp on IOT with AI**, including a **36-hour Hackathon**, for **IV-year students** from **4th August 2023 to 12th August 2023**.

To ensure the successful execution of this event, we kindly request the following resources:

1. Seminar Hall
2. Laboratory facilities
3. Audio-Visual (AV) System
4. Wi-Fi Connectivity

We request your approval and support for this initiative, which aims to enhance students' technical skills and practical knowledge in emerging fields.

Thanking you, Sir.

Yours sincerely,

CIRCULAR

Subject: 6-Day Boot Camp on IOT with AI & 36-Hour Hackathon

This is to inform all **IV-year students** of the **ECE Department** that a **6-Day Boot Camp on IOT with AI**, including a **36-hour Hackathon**, will be organized as per the details below:

- **Event Name:** Boot Camp on IOT with AI & 36-Hour Hackathon
- **Dates:** 4th August 2023 to 12th August 2023
- **Venue:** Seminar Hall & ECE Labs

Objective of the Program:

This Boot Camp aims to provide students with hands-on experience in the integration of IOT and AI technologies, along with fostering creativity and teamwork during the Hackathon. The event will also help students enhance their technical skills and career readiness in these cutting-edge domains.

Participation:

- Attendance is **mandatory** for all IV-year students.
- Participants are advised to bring their laptops and any additional resources required for the Hackathon.

For further details, please contact the ECE Department office.

Subject: Proposal for a 6-Day Boot Camp on Robotics and a 1-Day Robotics Gaming Competition – Request for Approval

Respected Sir,

The Department of Electronics and Communication Engineering proposes to organize a **6-day Boot Camp on Robotics** for our 3rd-year students, scheduled from **28th August 2023 to 2nd September 2023**. The camp will culminate in a **1-day Robotics Gaming Competition**.

This event aims to enhance the technical knowledge and practical skills of our students in the field of robotics, providing them with hands-on experience and exposure to real-world applications.

We kindly request your approval to organize the Boot Camp and the competition on the proposed dates. Your support in facilitating this initiative would be greatly appreciated.

Thank you for your consideration and support.

Subject: Request for Permission to Provide Resources to Conduct a 6-Day Boot Camp on Robotics and a 1-Day Robotics Gaming Competition

Respected Sir,

The Department of Electronics and Communication Engineering seeks your kind permission to organize a **6-Day Boot Camp on Robotics** for **III-year students** from **28th August 2023 to 2nd September 2023**.

In this regard, we request approval to access the following resources to ensure the successful conduct of the event:

1. **Seminar Hall**
2. **Laboratory Requirements**
3. **Audio-Visual (AV) System**
4. **Wi-Fi Connectivity**

We believe that this Boot Camp will significantly benefit the students by enhancing their practical knowledge and technical skills in the field of robotics. We kindly request you to consider this proposal and grant the necessary resources.

Dear Sir,

Greetings of the Day!!

Sub: Proposal for organizing a workshop for III ECE students---reg.

I am Dr.D.Vijaya Saradhi, Head of Department – ECE hereby put forward a proposal to organize a workshop on Robotics to our III B.Tech students.

The workshop should consist of "Learn & DO" models like building human robots by the students and at the end of a program the closure should be with a small gaming event. The event should be beneficial to the students to gain insights into latest industry trends and best practices. It should also help them acquire practical skills that enhance efficiency and effectiveness.

We would be honoured to collaborate with you to make the event a successful one and I request you to send the detailed schedule to organize the workshop.

Hope for a sooner reply from your team and I thank you in advance for considering our proposal.

Thank You.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT ON 6-DAY ROBOTIC BOOT CAMP & ROBOTIX GAMING COMPETITION

Objective of the Boot Camp:

The primary aim of this Boot Camp is to adopt a **"Learn & Do" model**, enabling students to engage in hands-on activities such as designing and building Arduino-based robots. This practical approach is intended to enhance their learning speed, creativity, and technical proficiency, equipping them for the latest technological advancements.

Key Motive:
The Boot Camp is structured to empower students with the following skills:

1. Understanding the basics of robotics and Arduino programming.
2. Building and controlling wired robots.
3. Assembling autonomous robots and mobile-controlled IoT robots using Arduino programming.
4. Developing robotic components such as light-following sensors and line-following modules.
5. Implementing learned concepts to create fully functional robots.

Activities and Learning Outcomes:

- Students will gain hands-on experience in assembling, programming, and operating various robotic models.
- By the end of the workshop, students will be able to create their own robots and participate in a **Robotics Gaming Competition.**

ROBOTIX Gaming Competition:

The competition will include the following exciting games to test students' robotic creations:

1. **Aqua Soccer:** Robots maneuver in water-based challenges.
2. **Robo Soccer:** A robotic twist on the traditional soccer game.
3. **Robo Race:** Robots compete in speed-based obstacle courses.
4. **Robo Wars:** Robots engage in battle challenges.
5. **Maze Finder:** Robots solve complex mazes autonomously.

Awards and Recognition:

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

At the conclusion of the competition, winners from each category will be recognized and awarded to encourage innovation and teamwork

Participant Feedback:

I am A. Mounika, studying 3rd year B.Tech ECE at Malineni Lakshmaiah Women's Engineering College. I had the privilege of attending the **6-Day Boot Camp & Robotix Gaming Competition on Robotics** conducted in our college from **28th August 2023 to 2nd September 2023**.

Firstly, I extend my heartfelt thanks to the college management for providing us with this incredible opportunity to participate in such an innovative program.

During the Boot Camp, I learned the concepts of **Arduino programming**, working with **different sensors and motors**, and designing my own robot. This hands-on experience was both educational and exciting.

Participating in the **Robotix Gaming Competition** with my classmates was a wonderful experience. Events like **Aqua Soccer, Line Follower, Maze Finder,** and others not only challenged our technical skills but also fostered teamwork and creativity.

This program has helped me gain significant knowledge about robotics and emerging technologies, inspiring me to work towards developing innovative robots for the betterment of society.

Thank you for this enriching experience!

Remarks:

The **6-Day Boot Camp on Robotics** and the accompanying **Robotix Gaming Competition** were successfully organized and executed. The event was conducted smoothly, achieving its objectives of enhancing students' technical skills, fostering innovation, and providing hands-on experience in robotics.

The active participation and enthusiasm of the students were commendable, and the competition's creative challenges, such as **Aqua Soccer, Robo Soccer, Robo Race, Robo Wars,** and **Maze Finder**, added an exciting dimension to the learning process.

Overall, the Boot Camp was a resounding success, leaving students equipped with valuable knowledge and practical skills for their future endeavors.

Subject: Proposal for a 5-Day Boot Camp on AI Followed by a 36-Hour Hackathon – Request for Approval

Respected Sir,

The Department of Electronics and Communication Engineering proposes to organize a 5-day Boot Camp on Artificial Intelligence for third-year students, scheduled from January 2, 2024, to January 6, 2024. This program will culminate in a 36-hour Hackathon aimed at fostering creativity and practical problem-solving skills.

We believe this event will greatly enhance the technical knowledge and hands-on experience of our students in the field of AI. It will provide them with an excellent opportunity to develop and apply their skills to real-world challenges.

We kindly seek your approval to organize the Boot Camp and Hackathon on the proposed dates. We sincerely appreciate your support and guidance in this endeavor.

Thank you for your consideration.

Yours sincerely,

Dear Sir,

Greetings of the Day!!

Sub: Proposal for organizing a workshop followed by 36hrs hackathon on IoT for III ECE students---reg.

I am Dr.D.Vijaya Saradhi, Head of Department – ECE hereby put forward a proposal to organize a workshop & Ideathon followed by a 36hrs hackathon on IoT to our III B.Tech students.

The workshop should consist of how to connect developed projects to the cloud & conduct a 36hrs hackathon on different problem statements pitched by the students in IDEATHON .This program should be beneficial to the students to gain insights into latest industry trends and best practices. It should also help them acquire practical skills that enhance efficiency and effectiveness.

We would be honoured to collaborate with you to make the event a successful one and I request you to send the detailed schedule to organize the workshop.

Hope for a sooner reply from your team and I thank you in advance for considering our proposal.

Thank You.

With Regards,

Subject: Request for Permission to Provide Resources to conduct a 5-Day Boot Camp on AI followed by a 36 hrs Hackathon

Respected Sir,

The Department of Electronics and Communication Engineering kindly seeks your permission to organize a 5-day Boot Camp on AI, followed by a 36-hour Hackathon, for third-year students from January 2, 2024, to January 6, 2024.

In this regard, we request approval to access the following resources to ensure the successful conduct of the event:

1. **Seminar Hall**
2. **Laboratory Requirements**
3. **Audio-Visual (AV) System**
4. **Wi-Fi Connectivity**

We believe that this Boot Camp will significantly benefit the students by enhancing their practical knowledge and hands-on Activities in the field of AI. We kindly request you to consider this proposal and grant the necessary resources.

Thanking you,

Yours sincerely,

BOOT CAMP ON ARTIFICIAL INTELLIGENCE

&

36-HOUR HACKATHON

The Department of Electronics and Communication Engineering is pleased to announce a **5-Day Boot Camp on Artificial Intelligence (AI)**, followed by a **36-Hour Hackathon**, exclusively for third-year students.

Event Details:

- **Boot Camp Dates:** January 2, 2024, to January 6, 2024
- **Hackathon Duration:** 36 hours, January 7 & 8, 2024
- **Venue:** Seminar Hall/ECE Labs

Objective:

This event aims to enhance students' technical knowledge and practical skills in the rapidly growing field of Artificial Intelligence. The Boot Camp will include sessions on AI fundamentals, hands-on activities, and industry-relevant applications, culminating in a Hackathon that challenges participants to apply their learning to solve real-world problems creatively.

We encourage all 3rd year students to participate and make the most of this opportunity to up skill and gain valuable experience in AI.

WOMEN'S ENGINEERING COLLEGE
PULLADIGUNTA, GUNTUR-522017.

Remarks:

"We are delighted to welcome all participants to this 5-Day Boot Camp on Artificial Intelligence and the culminating 36-Hour Hackathon. This initiative reflects our commitment to equipping students with cutting-edge knowledge and hands-on experience in the field of AI, preparing them to meet the challenges of tomorrow's technology-driven world."

"This Boot Camp and Hackathon are not just learning experiences but also opportunities to showcase creativity, problem-solving skills, and teamwork. We encourage every participant to actively engage, explore new ideas, and push their boundaries."

"Congratulations to all the participants for successfully completing the Boot Camp and Hackathon. Your dedication and enthusiasm throughout this event were truly commendable. We hope this experience has inspired you to continue your journey in Artificial Intelligence and make meaningful contributions to the field."

Subject: Proposal for a 5-Day Workshop on Drone Prototyping – Request for Approval

Respected Sir,

The Department of Electronics and Communication Engineering proposes to organize a 5-day Workshop on Drone Prototyping for 2nd-year students, scheduled from January 22, 2024, to January 27, 2024. This program will facilitate collaborative learning and skill development in the field of aviation, fostering innovation, networking and knowledge exchange among participants.

This workshop aims to provide a platform for collaborative learning and skill development in the field of aviation technology, focusing on drone prototyping. Through interactive sessions, hands-on activities, and expert-led discussions, the program will foster innovation, enhance technical knowledge, and contribute to the professional growth of participants in this dynamic and evolving domain.

We kindly seek your approval to organize the Workshop on the proposed dates. Your guidance and support in this initiative will be greatly valued.

Thank you for your consideration.

Yours sincerely,
Dr. D. Vijay Saradhi

Dear Sir,

Greetings of the Day!!

Sub: Proposal for organizing a workshop for II ECE students---reg.

I am Dr.D.Vijaya Saradhi, Head of Department – ECE hereby put forward a proposal to organize a workshop on Drone Technology to our II B.Tech students.

The workshop should consist of "Learn & DO" models like building Drones by the students and at the end of a program the closure should be with a small gaming event. The event should be beneficial to the students to gain insights into latest industry trends and best practices. It should also help them acquire practical skills that enhance efficiency and effectiveness.

We would be honoured to collaborate with you to make the event a successful one and I request you to send the detailed schedule to organize the workshop.

Hope for a sooner reply from your team and I thank you in advance for considering our proposal.

Thank You.

With Regards,

Subject: Request for Permission to Provide Resources to conduct a Workshop on Drone Prototyping

Respected Sir,

The Department of Electronics and Communication Engineering proposes to organize a 5-day Workshop on Drone Prototyping for 2nd-year students, scheduled from January 22, 2024, to January 27, 2024. In this regard, we request approval to access the following resources to ensure the successful conduct of the event:

1. **Seminar Hall**
2. **Laboratory Requirements**
3. **Audio-Visual (AV) System**
4. **Wi-Fi Connectivity**

We believe that this Boot Camp will significantly benefit the students by enhancing their practical knowledge and hands-on Activities in the field of AI. We kindly request you to consider this proposal and grant the necessary resources.

Thanking you,

Yours sincerely,

WORKSHOP ON DRONE PROTOTYPING

The Department of Electronics and Communication Engineering is pleased to announce a **5-Workshop on Drone Prototyping**, exclusively for Second-year students.

Event Details:

- **Boot Camp Dates:** January 22, 2024, to January 27, 2024
- **TIME: 9:00 AM to 4:00 PM**
- **Venue:** Seminar Hall/ECE Labs

This workshop aims to enhance students' technical knowledge and hands-on skills in drone prototyping and aviation technology. Through interactive sessions, practical demonstrations, and expert-led activities, the workshop will foster innovation and equip students with industry-relevant expertise to meet the challenges of this growing field.

Participation is **mandatory** for all second-year students of the Department of Electronics and Communication Engineering.

For further details, please contact the ECE Department Office.

REMARKS:

"Welcome, everyone, to this exciting 5-day workshop on Drone Prototyping. We are thrilled to provide this hands-on learning opportunity to our second-year students. This workshop is designed to enhance your technical skills and understanding of drone technology, an area that is becoming increasingly important in various industries. We encourage all participants to engage actively, learn from the experts, and collaborate with your peers to explore innovative ideas in drone prototyping."

"Throughout this workshop, we will explore the practical aspects of drone prototyping, from design to execution. This is not just about learning theoretical concepts; it is about applying those concepts to real-world challenges. I urge you to take full advantage of the resources and expertise available and, most importantly, think creatively as you work through each session."

"Congratulations to all the participants for successfully completing the Drone Prototyping Workshop. Your hard work, collaboration, and enthusiasm have been commendable. We hope that this workshop has sparked your interest in the field of drone technology and inspired you to continue exploring this exciting and rapidly evolving domain. Best of luck in your future endeavors, and we look forward to seeing your continued growth and innovation."
