## DEPARTMENT OF ECE

### Vision of the Department

To be a Centre of Excellence in Electronics and Communication Engineering by providing quality education and Producing Competent women Engineers to Address Global challenges of the society

### Mission of the Department

- To impart a deep thirst for a lifelong learning by employing practical teaching and learning methodologies.
- To Nurture ethical and socio-economical values amongst the learners through conducive learning environment.
- To inculcate professional excellence in higher education and research through industry-institute interaction.
- To strengthen entrepreneurial attitude and soft skills through co-curricular and extracurricular activities

### **I. PREAMBLE/ BACKGROUND**

#### **Brief about IES :**

IES is an initiative created by having experience and presence in technical and business bodies to connect India and Europe closer together and upskill the learning ecosystem at international standards. IES strive to create a better technological future by enabling closer collaboration and knowledge exchange between universities, academic institutions, companies and supporting governmental bodies. IES excelled in creating the knowledge clusters in India in the fields of Industry 4.0, Industrial automation and Robotics, Data Sciences, AI and IOT etc sectors. It also has a fleet to higher education models to German and European universities, like joint degree programs, standalone bachelor and master program, short term and long-term exchange certification programs and any kind of full-degree programs. All the models are developed on self-sustained basis including time to time funding support from Indian and European public and private bodies.

#### **Brief about MLWEC:**

The Malineni Lakshmaiah Women's Engineering College - a temple of learning was established in the year 2008 in a green lush land away from the hustle and bustle of the city in around 6 acres of beautiful landscape. The college provides a serene and tranquil environment to the students, boosting their potential and preparing them in all aspects to face the global challenges. The college is affiliated to JNTUK, Kakinada. The college offers B.Tech. degree in Computer Science and Engineering (CSE), Electronics and Communication Engineering (ECE), Information Technology (IT), CSE Data Science and Artificial Intelligence and Data Science (AI & DS), M.Tech. (CSE), M.Tech. (VLSI). The programs B.Tech. ECE & CSE were accredited by NBA for 3 Years. The college is producing skilled women engineers with good academic excellence.

Department of Electronics and Communication Engineering

**Malineni Lakshmaiah Women's Engineering College**

We would like to formally and sincerely express our gratitude for the amazing work your support in executing ARC – **Advanced certification on Emerging technologies - 2022** course and taking over as the SPOC for the course was a next level of responsibility and leadership and you performed exceptionally well organizing the student's teams from Mech / ECE/EEE, from Registrations, course engagement and till delegating tasks and overseeing the entire project to successful completion.

Your ability to work through unforeseen challenges and collaborate so well with the rest of the team is impressive and shows exceptional critical thinking skills and a true dedication to Indo-Euro Synchronization.

Once again, we appreciate and thank you for working so diligently and helping lead your student's team to success! We look forward to seeing your future achievements in our IES cluster activities

The screenshot shows a web browser window with the address bar displaying [portal.ardabsgermany.com/courses/arc-labs/8542/](http://portal.ardabsgermany.com/courses/arc-labs/8542/). The page is titled "Videos" and features a large heading: "Introduction to Mechatronics and robotics technologies of modern industrial Automation". Below the heading is a video player with a play button. To the left, a sidebar titled "Course sections" lists the following items:

- Section 1 Videos
- Section 2 Presentations
  - 1 Introduction to Mechatronics and robotics Key technologies of modern industrial Automation
  - 2 Industrial Robots
  - 3 Robot Control technology and system architectures
  - 4 Application of Industrial Robots
  - 5 IGUS Robotic Controller Software Programming and Simulation

## Section 3: Assignments

The screenshot shows a web browser window with the URL [portal.arclabsgermany.com/courses/arc-labs/6542/](http://portal.arclabsgermany.com/courses/arc-labs/6542/). The page title is 'Introduction to Mechatronics and robotics technologies of modern industrial Automation'. A sidebar on the left lists five assignments:

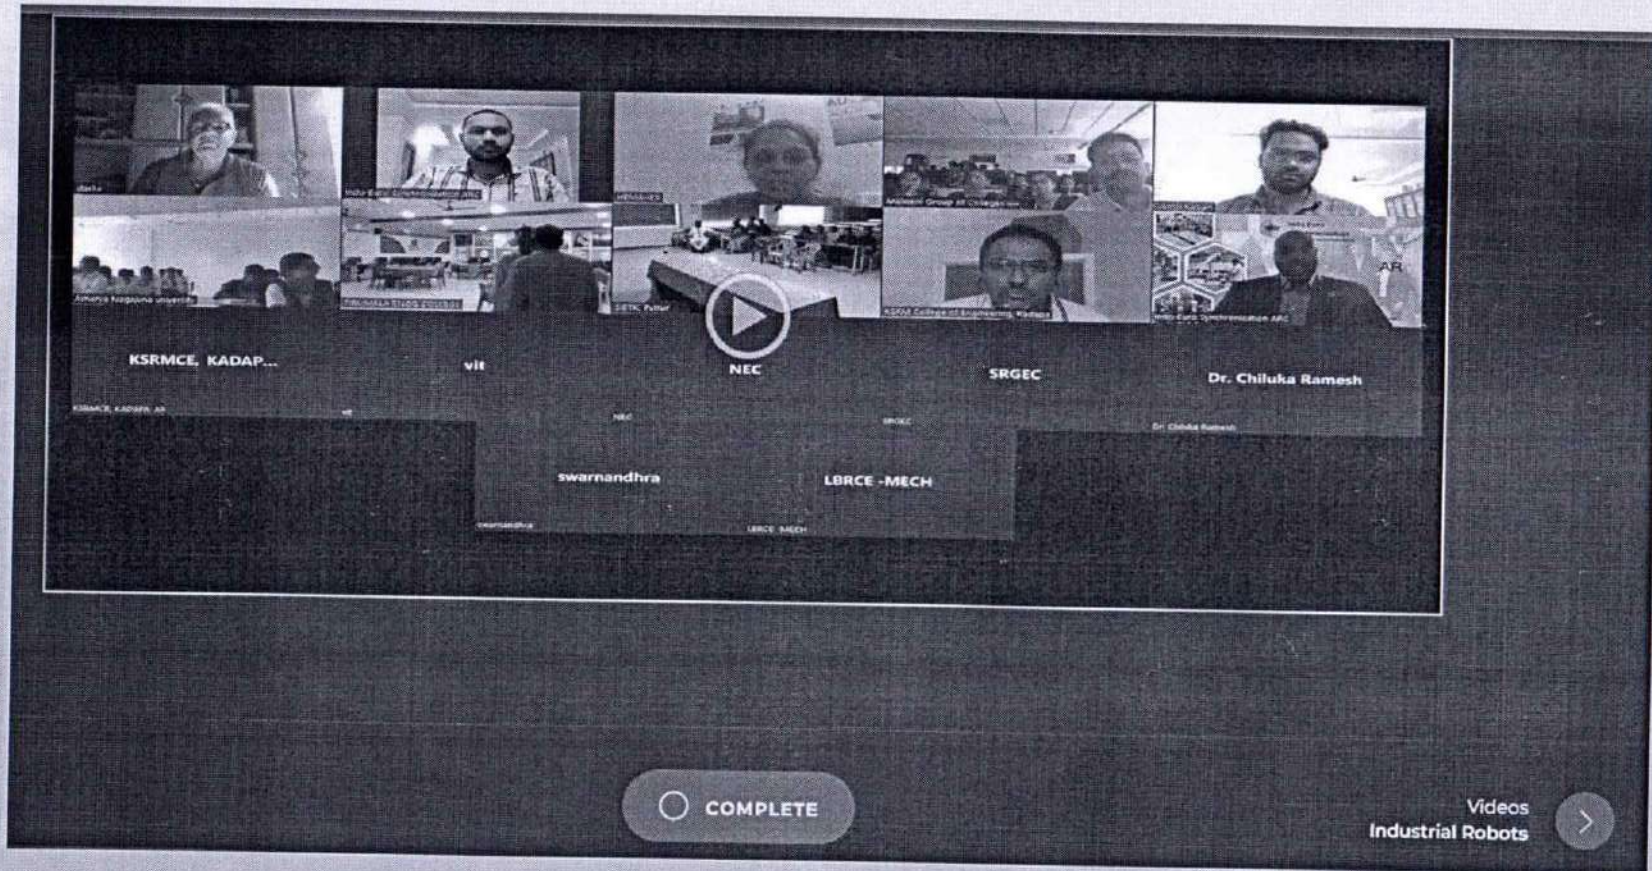

1. Automation of Pick and Place of a Workpiece simulation using IRC software
2. Automation of Palletizing of work pieces using IRC software
3. Automation of Bartender using If - Else, Loop Condition, Subprogram Commands in IRC Software
4. Automation of Pick and Arranging of boxes in a container in a 3x3 matrix format by using Variable Operations commands (Set, math, Subtract)
5. Collaboration of Two robots (Small and Big robots, (For colleges who are having robots))

The main content area features a video player with the title 'Introduction to Mechatronics and robotics technologies of modern industrial Automation' and a grid of six small video thumbnails below it.

## 7. Shortcut to view all the Settings:

The screenshot displays a user interface for an online course. At the top left, there is a logo with the letters 'AR' and a stylized figure. The main header text reads 'Advance Certification on Emerging Technologies International Internship' with a '← Back to Dashboard' link below it. On the right side of the header, there are icons for a user profile, a heart, a gear (settings), and a question mark. A hamburger menu icon is visible on the left. The central content area features the text 'Videos' above a large video player. The video player has the title 'Introduction to Mechatronics and Key technologies of modern industry Automation'. Below the video player, there is a horizontal strip of five small video thumbnails showing different participants. On the right side, a user menu is open, listing the following options: Enrolled Courses, Settings, Messages, Favorite Courses, My assignments, Enrolled Quizzes, My Orders, Certificates, Groups, and Logout.

## To Whom It May Concern

Sub: Appreciation on successful conduction of APSSDC certification program "Advanced Certification on Emerging technologies"

Dear Sir,

We are delighted to execute the APSSDC certification program "Advanced Certification on Emerging technologies" organized by Indo Euro Synchronization. Our institution faculties and students participated actively and gained very good knowledge though this program. These kinds of program are useful to bring Industry-academia interaction we wish to continue and participate in coming cycles.

Students have lot of interest on these new technologies, even they come forward to take the courses with total dedication. We wish you could consider our request and continue this initiation at our college further Center.

We also like to invite any initiations related to Electronics/Mechatronics/ Automation/Industry 4.0 in order to utilize the resources effectively and to give value addition to our students along with regular academics.

Thank you,

Yours Sincerely,
