About College

Malineni Lakshmaiah Women's Engineering College is established in the year 2008. It is a self-financing institution which owes its foundation to the bold and inspired vision of Malineni Perumallu Educational Society, Singarayakonda. The institution is ideally located in a vast expanse of 5.08 acres of land on the outskirts of GUNTUR city at a distance of about 6 Kms from the city center.

The departmental buildings are located in close proximity each other with wide open spaces all around. The playgrounds and other student and staff amenities are within working distances. College is offering U.G and P.G Programs in different specializations. Three U.G programs are B.Tech (CSE) with intake of 120, B.Tech (IT) with intake of 60 and B.Tech (ECE) with intake of 120. Two P.G programs are M.Tech (CSE) with intake of 20 and M.Tech(VLSI) with intake of 20.

About Department

The Department of Computer Science and Engineering at the "Malineni Lakshmaiah Women's Engineering College" was formed in the year 2008 and provides an outstanding research environment complemented by excellence in teaching. The Department offers B.Tech,

M.Tech degrees. The Department has a comprehensive curriculum on topics related to all aspects of Computer Hardware and Software with an emphasis on practical learning. The course structure is up-to-date and includes courses on nascent topics to equip our students with the latest developments in Computer Science and Engineering. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks. Our faculty members aim at delivering top class education blending their rich research experience with classroom teaching. The Department has undertaken many research projects funded both by multinationals and government agencies. For more information regarding research activities please visit the faculty and research pages.

About FDP on DeepLearning For NLP

Deep learning is a part of realization of long lasting dream of thinking machines. It is a branch of machine learning based on artificial neural networks which mimics human brain : Artificial intelligence is an emerging field with many practical applications and research interests such as automating routine labor, understanding speech and images and medical diagnosis. This faculty development

program aims to introduce the development of neural networks through artificial intelligence, machine learning to deeplearning and transfer learning.

Natural Language Processing (NLP) is an important area of Artificial Intelligence concerned with the processing and understanding of a human language. The goal of NLP is to process and harness information from a large corpus of text with very little manual intervention.

Vision

To Emerge as Premier Institute of Quality Education, Employability, Social and Ethical Values.

Mission

IM1: Provide student centric Teaching Learning Methodologies with Modern Infrastructure.

IM2: Promote Technical courses to equip the stakeholders with career skills

IM3: Cultivate idealistic minds

IM4: Provide academic facilities catering industry and society needs

Report on Five-Days Online FDP on "DEEP LEARNING For NLP

Event Type : FACULTY DEVELOPMENT PROGRAM (FDP)

Date / Duration : 09th to 13th February 2023

Resource Person : P.Madhu Parvathaneni CEO Make Skilled

Convener : Dr. G.RamaSwamy professor & HoD

Coordinators : Dr. M. Bheemalingaiah, Assoc prof.

Dr.N.Ch.JayaRao, Assoc .prof

Objective of the event: The objective of this FDP is to lay an insight into various aspects of Deep Learning For NLP .

Outcome of event :

The faculty can be able to get an exposure to the most trending technology vide Deep Learning and it's applications.

Description / Report on Event:

The one week online FDP program began with Inaugural function that was addressed by Principal Dr.J.Appa Rao , Head of the Department Dr.G.RamaSwamy. In his inaugural speech highlighted the significance of Deep learning in strengthening the research. Deep Learning , being a multi disciplinary area should be learnt by all those involved in research irrespective of specialization. All the participants are advised to utilize all the sessions and gain practical knowledge.

Department of Computer Science And Engineering

On day 1, P.Madhu Parvathaneni, has narrated the evolution of Deep Learning an elaborative comparison of Artificial Intelligence, Machine Learning and Deep learning. The interlinking between Linear algebra, signal processing and deep learning was also mentioned. Various applications of Deep learning were also mentioned along with an overview of underlying concepts on Artificial Neural Networks.

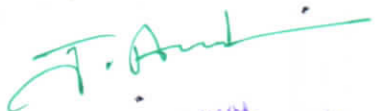

On day 2 discuss and Need of Natural language Processing and Symbolic, Statistical and Neuro-symbolic NLP

On Day3 started to explore the Machine Learning and its applications with real-time problems. He has Explored Importance of machine learning with different techniques. He also emphasizes use of supervise and unsupervised techniques of machine learning. After that he ended up the session by explaining the comparison of different techniques through examples.

On Day 4 explore Current Trends in Natural Language Processing like Transfer Learning, Training Models with Reinforcement Learning Automating Customer Service: Tagging tickets & New Era of Chatbots NLP for Social Media Monitoring.

On Day5 give the feedback and assessments .

About College

Malineni Lakshmaiah Women's Engineering College is established in the year 2008. It is a self-financing institution which owes its foundation to the bold and inspired vision of Malineni Perumallu Educational Society, Singarayakonda. The institution is ideally located in a vast expanse of 5.08 acres of land on the outskirts of GUNTUR city at a distance of about 6 Kms from the city center.

The departmental buildings are located in close proximity each other with wide open spaces all around. The playfields and other student and staff amenities are within working distances. College is offering U.G and P.G Programs in different specializations. Three U.G programs are B.Tech (CSE) with intake of 120, B.Tech (IT) with intake of 60 and B.Tech (ECE) with intake of 120. Two P.G programs are M.Tech (CSE) with intake of 24 and M.Tech(VLSI) with intake of 24.

About Department

The Department of Information Technology at the "Malineni Lakshmaiah Women's Engineering College" was formed in the year 2008 and provides an

outstanding research environment complemented by excellence in teaching. The Department offers B.Tech degree. The Department has a comprehensive curriculum on topics related to all aspects of Computer Hardware and Software with an emphasis on practical learning. The course structure is up-to-date and includes courses on nascent topics to equip our students with the latest developments in Information Technology. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks. Our faculty members aim at delivering top class education blending their rich research experience with classroom teaching.

Objective of the Programme

The proposed FDP introduces fundamental concepts Artificial Intelligence. AI can be achieved by reading the behavior of humans and using the results to develop intelligent systems. Observing humans while problem-solving in simple tasks and using its results to develop intelligent systems. The overall research goal of artificial intelligence

is to create technology that allows computers and machines to work intelligently.

Vision

To emerge as center of excellence in IT education, research and innovation by promoting competent and woman engineers with ethical values for development of the society.

Mission

IM1: Bringing innovative approach in teaching-learning process competent Information Technology engineers.

IM2 To inculcate ethical and social values among the students for improving their life skills.

IM3: To promote research and development in the domain of Information Technology to meet the emerging needs of the Society.

IM4: To promote higher education, technological innovation and entrepreneurship in the areas of IT with interdisciplinary connection.

PROGRAMME REPORT

Name of The Programme : Five Day Faculty Development Programme On Big Data Analytics Using Python

START DATE :03-04-2023

The Department of Information Technology organized Five Day Faculty Development Programme On "Big Data Analytics Using Python" Conducted From 04-04-2023 At Malineni Lakshmaiah Womens Engineering College.

The proposed FDP introduces concepts of Big Data Analytics using python . It covers an overview of Big Data and their applications. The FDP comprises of a series of lectures and practical exercises. The participants would obtain deep insights of big data analytics, which in turn helps them to apply it in practice or as a foundation to a deeper study in this area.

OBJECTIVE OF FDP

Learn the concept, syntax, semantics and gain introductory knowledge in Big Data through examples that provide useful exposure to the various concepts of Big Data through examples that provide useful exposure to the various concepts of Big Data. The programme will positively impact the perceived ability to understand recent advances in Data Analytics.

BIG DATA ANALYTICS

These Are Some points We discussed In This Fdp.

Why Big Data needs Team Work?

- Big data analytics is necessarily a joint effort by researchers from academic institutions, government and society and industry.
- The government and industry are sources of Big Data, and providers of problems and challenges.
- The academic researchers are solution providers.
- When it comes to package the solutions from university labs to transfer to the real world, universities and industry must work together to build scalable and robust solutions.

Big Data Analytics

Big data analytics is a method to uncover the hidden designs in large data, to extract useful information that can be divided into two major sub-systems: data management and analysis.

- Big data analytics is a process of inspecting, differentiating and transforming big data with the goal of identifying useful information, suggesting conclusion and helping to take accurate decisions.
- Analytics include both data mining and communication or guide decision making.

MALINENI LAKSHMAIAH WOMEN'S ENGINEERING COLLEGE

(Approved by AICTE, Affiliated to JNTUK)(An ISO9001:2008 Certified Institution)

Department of Information Technology

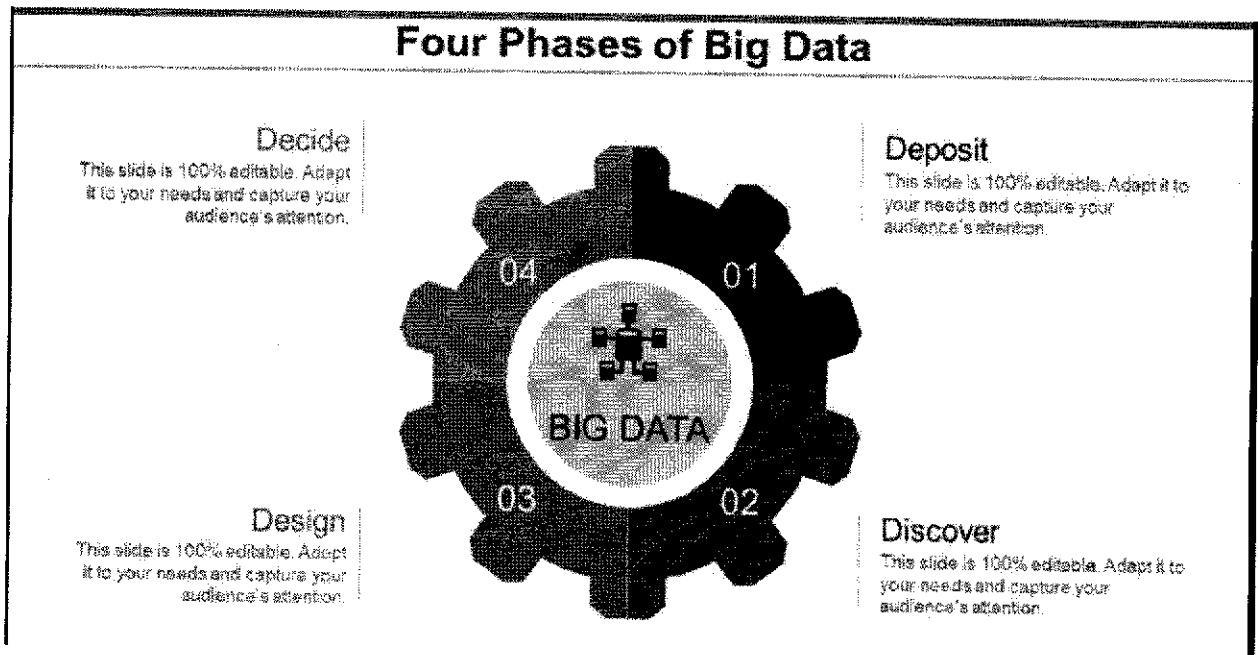

The importance of big data analytics :

• Big data analytics through specialized systems and software can lead to positive business related outcomes:

- New revenue opportunities
- More effective marketing
- Better customer service

Improved operational efficiency

- Competitive advantages over rivals Analytics Mode

Department of Information Technology

Impact of Big Data

These are the photographs we collected in this Fdp. First day the session was conducted by Mr.P.Madhu garu, who delivered a lecture on introduction to big data and its evolution. He also focused on different sources of data, how to work with data, what can be the future challenges, data fusion, Big Data Architecture and technologies in use.

(Approved by AICTE, Affiliated to JNTUK)(An ISO9001:2008 Certified Institution)

Department of Information Technology

Advantages of Big Data

While big data often provides companies with a gold mine of benefits, it can also pose potential challenges that could offset future gains. What are the main advantages of big data for enterprises?

1. Improves Decision-Making
2. Reduces Costs
3. Increases Productivity
4. Enhances Customer Service

Disadvantages of Big Data

Below are some of the disadvantages of big data companies should understand.

1. Cybersecurity Risks

2. Talent Gaps

3. Compliance Considerations The role of big data is already playing a critical role in modern business. As time goes on, it's expected that big data will continue on its growth journey and become a staple for just about every type of business, regardless of size or industry.

(Approved by AICTE, Affiliated to JNTUK)(An ISO9001:2008 Certified Institution)

Department of Information Technology

Outcome of the Fdp:

Upon successful completion of the FDP, participants would be able to:

- Deploying the Data Analytics Lifecycle to address big data Analytics projects.
- Reframing a business challenge as an analytics challenge.
- Applying appropriate analytic techniques and tools to analyse big data, create statistical models, and identify insights that can lead to actionable results.
- Selecting appropriate data visualizations to clearly communicate Analytic insights to business sponsors and analytic audiences.

LETTER OF INVITATION-FDP GUEST SPEAKER

Date:30-01-2023

To
Dr. G. Kalpana Devi,
Guntur,

Respected Madam,

Sub: Request Letter of invitation for Guest Speaker on FDP-Reg.

On behalf of Malineni Lakshmaiah Women's Engineering College, we are very pleased to invite you as a source person for the Faculty Development Program- "**Communication Skills for Academic Excellence and Career Development**" on 01-02-2023 to 06-02-2023 in our college auditorium. Your expertise and Experience in soft skills will be an excellent addition to our program.

We look forward to your positive response and kindly communicate your acceptance at the earliest.

Thanking you,

Yours Sincerely

- Participated in a National Conference on “Translation, Language & Literature” & presented a paper on Suffering and Frustration in Marriage: A study on Nayantara Sehgal’s “Storm in Chandigarh” at K. L. University, Vaddeswaram on 28th & 29th March, 2015.
- Participated in an International Conference on “Advances in English Studies & Woman Empowerment” & presented a paper on Stream of Consciousness Technique: A study of Character Paro in novel of Namita Gokhale’s “Paro: Dreams of Passion” at K.L. University, Vaddeswaram on 21 & 22nd August, 2015.
- Participated in a Two-Day National Seminar on “Emerging Trends in English Language Pedagogy” & presented a paper on “Problems in the Acquisition of Second Language” at Andhra Loyola Institute of Engineering & Technology, Vijayawada on 11th & 12 March, 2016.
- Participated in a Two-Day International Conference on “Pluralism and Multiculturalism in Teaching & Research of English Language & Literatures” & presented a paper on “The study of Feminism and Womanism in Namita Gokhale’s ‘Priya: In Incredible Indya’” at VIT University, Vellore on 15th & 16 April, 2016.

Workshops & Seminars Attended

- Attended National Seminar on ‘Methods, Materials and Techniques of Teaching English Language’ at J. K. C. College on 24 & 25 June, 2010.
- Attended a workshop on “Women empowerment thro awareness of Health, Hygiene & Nutrition” at JNTUK, Kakinada on 26th April, 2011.
- Attended a Two-day National Seminar on ‘Contemporary Ways and Voices of Resistance/Resilience’ at English & Foreign Languages University, Hyderabad on 29th & 30 June, 2012.
- Attended a Two-day Faculty Development Programme at Tirumala Engineering College, Narasaraopet on 7th & 8th September, 2012.
- Attended a Three-day Workshop on “English Proficiency Course” at Vignan University, Vadlamudi from 20th to 22nd September, 2013.
- Attended a Four-day workshop on “Research Methodology” at K L University from 08 to 11 July, 2014.
- Attended a National Workshop on Academic Writing: New Facets at K. L. University, Vaddeswaram on 30th August 2017.
- Attended a National Workshop on Need Based Curriculum in ELT: Perspectives and Possibilities at K. L. University, Vaddeswaram on 31 August 2017.
- Attended Propel Workshop for the TOFEL IBT Test on 14th May, 2017 conducted by ETS.
- Attended a Three-Day Workshop on Cambridge PET & BEC Speaking Examinations at Vignan’s. University, Vadlamudi from 26th to 28th August, 2017.
- Attended a Seminar on Identifying the Research Problems in Thesis Writing at Vignan’s. University, Vadlamudi on 20th September, 2017.
- Attended Propel Workshop for the TOEFL IBT Test organized by ETS on 19 November, 2017.
- Attended a Three-Day National Workshop on Retooling Language Teaching to the Students of Professional Courses organized by KKR & KSR Institute of Technology & Sciences, Guntur from 1 to 3 November 2018.
- Attended a seminar on ‘Academic Excellence - Creating Climate through Communication’ organized by IBS, ICFAI on 2Aug, 2019.

Training programmes

- Business English Certification [BEC] training programme conducted by Cambridge University.
- Preliminary English Test Certification (PET) raining programme conducted by Cambridge University.
- Master Trainer Training conducted by British Council associated with APSCHE.
- Cascading teachers training under English communication Skills project conducted by APSCHE.

Online Courses/FDPs/STTPs Attended

- “Becoming a Better Teacher: Exploring Professional Development” by British Council & UCL Institute of Education.
- “TEFL Teacher Training” Course from TEFL Professional Development Institute (Teaching English as a Foreign Language 120 Hour TEFL Certification).
- “Technical English for Engineers” Course from NPTEL-IIT Madras with 85%. (AICTE Approved I Week FDP Course).
- “Applied Linguistics” Course from NPTEL-IIT Madras (AICTE Approved 1 Week FDP Course).
- “Soft Skills” Course from NPTEL-IIT Roorkee.
- “Becoming a Better Teacher” course from Future Learn.
- An Annual Refresher Programme in English Language Teaching from Swayam.
- B.Ed. (English) - Pedagogy of Teaching English from Swayam.
- AE E-Teacher Program’s Winter 2020 “Using Educational Technology in the English Language Classroom” Self-Paced Massive Open Online Course (MOOC), facilitated by Iowa State University.
- Online Professional English Network’s (OPEN) Fall 2020 “TESOL Methodology” massive open online course (MOOC), facilitated by University of Maryland.
- Online Professional English Network’s (OPEN) Fall 2020 “Professional Development for Teacher Trainers” massive open online course (MOOC), facilitated by Arizona State University.
- AE E-Teacher Program’s 2020 “Integrating Critical Thinking Skills into the Exploration of Culture in an EFL Setting” self-paced Massive Open Online Course (MOOC), developed by World Learning.
- 5 Day online course on Communication Skills for Professionals organised by AVS College of Arts & Science from 13-4-2020 to 17-4-2020.
- Faculty Awareness Programme on Outcome Based Education & NBA Accreditation organised by Shri Chhatrapati Shivajiraje College of Engineering from 12-5-2020 to 17-5-2020.
- One Week National level FDP on Possessing the Two Wardrobes: Communication and Writing organised by BVRIT from 25May to 31 May, 2020.
- National level FDP on Multidisciplinary Approach towards Emerging Trends on Science and Humanities organised by Ramachandra College of Engineering from 1-6-2020 to 5-6-2020.
- One Week FDP on Tools for Scientific Communication and Effective Teaching organised by Vaagdevi College of Engineering June, 2020.
- One Week FDP on Advanced Research Methodology and Innovative Teaching Pedagogy organised by Tulasi Ramji Gaikwad-Patil College of Engineering and Technology from 8-6-2020 to 13-6-2020.

About College	Vision	
<p>Malineni Lakshmaiah Women's Engineering College, (MLEW) has been established in 2008 to leverage 'education' as a means of 'empowerment' of women. The aim is to promote Technical Education among women to enhance and build-up a new generation of thinkers, innovators and planners in the realms of Science and Technology. It is approved by All India Council for Technical Education (AICTE), New Delhi and ISO 9001:2015 Certified Institution and with the recognition of Govt. of A.P, MLEW is affiliated to Jawaharlal Nehru Technological University (JNTU-K), Kakinada. Since the Inception of the college, the college has been taking in students and growing in facilities year after year. Aesthetically landscaped, the sprawling campus of the college is home to the finest facilities and contemporary instructional infrastructure. Every student of MALINENI can be assured that this institution will provide them a very congenial academic ambience and the right type of inputs in order to mould them with the right technical competence as required by the industry. The teaching-learning process is carried out through the use of overhead and LCD projectors. The college boasts facilities such as an extensive computer centre, library, advanced lab for communication skills, internet centre, spacious seminar halls and Digital Classrooms.</p>	<p>To be a pioneer institute in engineering education, fostering academic excellence, and producing empowered women engineers, blended with ethics and values, to serve the society.</p> <p>Mission</p> <p>To achieve academic excellence through Innovative teaching-learning practices</p> <p>To inculcate self-discipline, ethics, and values amongst the learners</p> <p>To bridge the gap between industry and academia through the industry-institute interface</p> <p>To promote higher education, research and inculcate entrepreneurial attitude amongst the learners About Department</p> <p>Department of Science and Humanities provides the solid foundation for the students in reorienting them towards technical education, equipping them with knowledge in basic engineering streams and exposing them to a broad spectrum of subjects and disciplines like Mathematics, Physics, Chemistry, Environmental Sciences and Management studies in addition to extensive training in Language and Communication Skills. The creative, critical, analytical and communicative faculties of the students are sharpened and fine-tuned.</p>	<p>The department is sufficiently supported and strengthened with well experienced members of faculty handling the subtleties making the students sensitive to the finer nuances of the concepts taught. All Laboratories are fully equipped to conduct the experiments as per the syllabus prescribed by the University. The language laboratories are provided with facilities for playing audio/video files, PA system and DLP projector along with interactive software for in-depth training and practice of the students. Unique additional value inputs are imparted in the areas of personality development, communication and soft skills.</p> <p>Objective of the Programme</p> <p>It is important because its study helps us to gain knowledge of the society, we live in. Generally, Social Science focus on the relationships among individuals in society. It is the mixture of many subjects like History, Geography, Political Science, Economics, Sociology, Social Psychology and many more.</p> <p>Develop the ability, in learners - old or young, to adapt to changing environment. inculcate national consciousness and national unity in students/citizens, make students become good citizens who are capable and willing to develop the society.</p>

Schedule		COMMITTEE	Five-Day Faculty Development Program on “Communication Skills for Academic Excellence and Career Development”
Time	Topic		
1-02-2023		CHIEF PATRON Sri Dr. Malineni Perumallu, Chairman	Date 01-02-2023 to 06-02-2023
10:00-3:45PM	Effective Communication in the Workplace		
2-02-2023		PATRONS Sri Dr. P. Nageswara Rao, Director, MLEW Sri Dr. J. Apparao, Principal, MLEW	Organized Department of Science & Humanities
10:00-3:45PM	The Art of Active Listening in Academic and Professional Environments		
3-02-2023		ADVISORS Dr. P. Ramesh Babu, Dean Dr. Srinivasa Kumar, Principal Malineni Perumallu Engineering College Dr. J. Kishor Babu, Academic Advisor, Dept. of Civil Engineering, MPES	
10:00-3:45PM	Classroom Participation and Discussion Skills		
4-02-2023		COORDINATOR Dr. A. Sri Krishna Chaitanya, Head of the Department, S&H	
10:00-3:45PM	Mastering Verbal Communication: A key to Academic Success		
6-02-2023		COORDINATOR Mr. D. Subbarao, Associate Professor, MLEW Mr. G. Suresh, Assistant Professor, MLEW Mrs. Dr. P. Sri Lakshmi, Professor, MLEW Ms. P. Jahedunnisa, Assistant Professor, MLEW	MALINENI LAKSHMAIAH WOMEN'S ENGINEERING COLLEGE (Approved by AICTE, Affiliated to JNTUK, Kakinada) Pulladigunta (Vil), Vaticherukuru (Md), Prathipadu Road, Guntur-522017, AP, India
10:00-3:45PM	Digital Communication and Professional Etiquette		
Every day Tea Break at 11:30 to 11:45AM Lunch Break at 12:45 to 1:45PM RESOURCE PERSONS Dr. G. Kalpana Devi, R.V.R&J.C. College, Guntur

Dear Sir/Ma'am,

Greetings of the day!

Thanks for participating in our **Faculty Development Programme (FDP)** organised by **Department of Electronics and Communication Engineering (ECE) of Malineni Lakshmaiah Womens Engineering College** in the dates of 27th March to 2nd April 2023.

This programme was great success with more than 200+ registrations, with almost 200 faculties have attended this programme and we would like to recognize your efforts and progress that you have shown in this Faculty Development Programme.

This FDP is powered by our Corporate Accelerator Program (CAP) organised by the Make Skilled for accelerating the awareness of cutting edge technologies among faculties. Our sincere gratitude to each of you who had involved in making this event a grand success.

We would like to thank our Guest Speakers who delivered the guest lecture and organisers who have co-ordinated the event well. Our special thanks to the management of Malineni Lakshmaiah Womens Engineering College and Department of ECE for supporting us throughout the event.

Watch the video recorded lectures:

**SHORT TERM TRAINING
PROGRAM (STTP/FDP) online**

On

BLOCK CHAIN TECHNOLOGY

27.3.2023 to 1.4.2023 at 6.00-8.00pm

Organized by:

**The Department of
ELECTRONICS AND
COMMUNICATION ENGINEERING**
In association with
MAKE SKILLED

About the College

Malineni Lakshmaiah Women's Engineering College is set up in the year 2008. It is a self-financing organization that owes its establishment to the intense and enlivened vision of its society, "Malineni Perumallu Educational Society", Singarayakonda. It is one of the primary Girls' Engineering Colleges in Andhra Pradesh, and is ideally situated in an immense field of 11.34 acres of an area located on the outskirts of GUNTUR city and is from 6 KMs from the down town area of both bus station and railway. The departmental structures are here each other with open spaces all around. The premise is with the playfields and other student and staff luxuries are inside.

About The Department

The Department of ECE was built up during the origin of the organization in 2008. Since its beginning, the essential target of the department has been to bestow quality instruction, preparing the students and explore them at the undergraduate and postgraduate levels in different zones of Electronics and Communication Engineering with expansive practical teaching method on designing aspects of electronic frameworks. The Department has a far reaching educational plan on points identified with all the viewpoints of both Hardware and Software. The department is recognized by NBA for its activities. The Department has under taken best research Ideas under Block chain Technology funded both by multinationals and government agencies.

About The ARC

"ARC is the best tool to learn Industrial robotics through Project Based Learning (PBL), the most exciting way to learn by doing/practicing. ARC is a student-centered pedagogy that involves a dynamic classroom approach

in which students acquire deeper knowledge through active exploration of real-world challenges and problems.

Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge or problem."

About Indo-European Skill Center

We started German technology training under Indo-European Skill center in association with APSSDC-ECM Convergence Training Center in our own college campus. It is a unique course on Industrial Robotics & Manufacturing. That gives exposure to the High-end technologies. It provides a platform for International collaborations and innovations. This Training program has been running with German professionals. It provides International Certification. Chance to join International exchange programs to Europe and Opportunity to join masters in Europe, bringing latest technologies in automation and manufacturing sectors.

About the STTP

The main objective of the SHORT TERM TRAINING PROGRAM is to disseminate knowledge and to apply the hypothetical components of learning to a specific course and practice to better manage all important aspects related to the course and practical exposure to the better teaching expertise to the students. To better understanding of concepts related to different technologies like "BLOCK CHAIN" and teaching design principles. This will formulate course

objectives based on understanding and applying different techniques and learning practices. The participants will also get an exposure to latest technical topic ETHERIUM, HYPER LEDGER IN BLOCK CHAIN.

Applications & Demos on Different Applications of Blockchain

Program Schedule

Day1:

Introduction to Block chain

Day 2:

Creating Crypto Wallet - A gateway to connect with Test Block chain Networks

Day 3:

Solidity Programming

Day 4:

Creating Smart Contracts using Truffle Framework

Day 5:

An end-to-end Decentralized Application using Ganache, Truffle, Solidity, Python

Day6:

Hyper ledger Block chain

Day7:

Applications and Demos on Different Applications of Block chain.

Make skilled Innovations Park, IT Hub, KPHB-15th Phase, Hyderabad-500072
